Covering the County • Uncovering the Arts

Bucks County Community College  
275 Swamp Road | Newtown, PA 18940

September 2009 – June 2010

**H**UMBLE, TOSSED AWAY MATERIALS like broken toys, tin cans, milk cartons, plastic bags, wood scraps and cake boxes can find new life through the artist's creativity. In **transFORMATION: Art Made from Recycled and Reused Materials**, Artmobile elevates America's cast off trash to museum treasures. This timely exhibition featuring wired and welded assemblages, sculptures made from olive oil cans, dolls made of old tools, books made from cake mix boxes, as well as masks, musical instruments and furniture made of found wood and objects makes connections with all curricular areas—language arts and literacy, math, science, social studies and, of course, the arts. Cultural aspects of recycling are explored, as well as the differences and similarities between how folk artists and fine artists use these materials. Finally, students develop a keener understanding of ecology through reusing, reducing and recycling objects as they discover design and meaning in art. **transFORMATION** informs and delights visitors of all ages while providing schools with an enriching opportunity for integrating arts across the curriculum and encouraging recycling throughout the entire school community.

**Artmobile will visit 38 schools and 4 public sites from September 2009 through June 2010.**

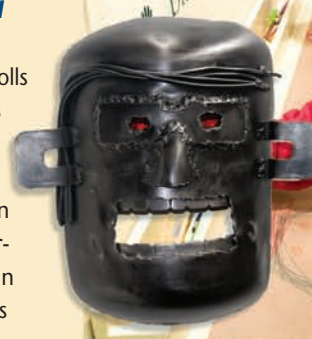

**More than 20,000 school children and adults visit Artmobile annually.**

Artmobile's educational programs are comprehensive. Our educator meets each class and engages students in a discussion geared to their grade level. Hands-on, interactive displays, a vital part of every Artmobile exhibition, reinforce the concepts presented and offer students the opportunity to explore and deepen their understanding. Additionally, *Teachers' Manuals* are sent to each school prior to our visit to enrich and extend the visit by helping teachers incorporate the Artmobile experience into their curricula.

Artmobile is a non-collecting, traveling museum dedicated to providing the school children and residents of Bucks County access to fine, original works of art. It is a vital component of Bucks County Community College which provides important cultural outreach programs in accordance with the college's mission. We are committed to fostering an understanding of art, art making and the value of art in our communities and our lives by exhibiting and interpreting works of art.

**transFORMATION** is supported in part by the Pennsylvania Council on the Arts, a state agency, through the Pennsylvania Partners in the Arts (PPA), its regional arts funding partnership. State government funding for the arts depends upon an annual appropriation by the Pennsylvania General Assembly and from the National Endowment for the Arts, a federal agency. PPA is administered in this region by the Greater Philadelphia Cultural Alliance.

*THE MISSION of Bucks County Community College is to provide to the County's diverse population of learners accessible, affordable, convenient, and comprehensive educational, training, and cultural opportunities that will equip them to be competent and effective in their work and as citizens of the world.
