The Hallmarks Pathway at Jefferson

The Hallmarks Pathway is a digital collection of “artifacts,” which are samples of work and learning that you have done during college career and will do if admitted to Jefferson. It will demonstrate your fulfillment of the 8 Hallmarks Program learning goals for Jefferson’s general education curriculum. These artifacts might be papers that you have written, projects that you have completed, designs that you have created, or even narratives of experiences such as study abroad or internships. Each artifact is accompanied by a short reflective essay that explains why you chose it and how it addresses the Hallmarks learning goal that you have linked it to. Because courses in your program at Montgomery County CC have the potential to transfer, you should retain copies of papers and projects.
